

Sports Premium Funding 2018-2019

This year we will be maintaining our inclusive and engaging school culture through daily activity, festivals, in-house sporting pursuits (inclusion day, biathlon, sports day). We will continue to provide various clubs that target groups of children who are less inclined to participate in physical activity. A new initiative this year, is to develop our Active Schools programme whereby we will drive towards 30 minutes of activity every day, by challenging children to become active within all areas of their curriculum.

This year to further develop and maintain Sport and PE provision at Rownhams, we aim to

- Be accredited with another Sainsbury's School Games Gold Mark
- To develop our extra-curricular clubs and residential opportunities so that they support our 'Active School' ethos.
- Increase participation of children in Level 1, Level 2 and Level 3 competitions.
- Development in P.E by accessing external training to ensure future development.
- Pupil Sports Ambassadors to undertake training (PBed) and to lead lunchtime clubs/activities and develop their leadership skill through delivering P.E sessions and in-house competitions.
- Promote active lunchtimes by providing a range of PE equipment for the children to use in this hour.
- Purchase new PE equipment to support high quality PE lessons.
- To purchase (after children have voted) a new playground climbing structure to support our Active Schools ambition.

Planned spend of the grant for 2018-2019

Festivals and competitions	£2000
